

Opal London Body Brushes

1085 Sisal Bristle Dry Body Brush \$15.70

Vegan Standard - Firm

Round head fixed handle brush for dry body brushing. The short handle gives excellent control for firm sweeping motions to stimulate lymphatic drainage and tone the skin.

1086 Sisal Bristle Back Brush – Detachable Head \$15.70

Vegan Standard - Firm

The best-selling, traditional style long handled brush favoured by professional therapists for lymphatic drainage treatments. This brush allows easy reach to the back and feet without excessive bending and features a detachable head with woven hand strap.

1087 Sisal Bristle Dry Body Brush & Cellulite Massager \$20.50

Vegan Standard - Firm

The wooden pins on the back of this brush are perfect for massaging over worked muscles after exercise, to reduce the build-up of lactic acid, which can cause cramps. Use on stubborn areas where cellulite forms such as inner knees and upper thighs.

1088 Sisal Bristle Foot Brush and Smoother \$9.40

Vegan Standard – Firm

Foot brushing exfoliates and stimulates the circulation to improve skin texture and reduce puffy feet and ankles. The short sisal fibres in this brush ensure that the bristles remain stiff, even when used damp.

1089 Reflexology Lymphatic Massage Brush \$18.60

This unique body brush combines rubber nodules with pure bristle to create a stimulating massage tool which supplies a sustained pressure to the dermis whilst lightly brushing the surface of the skin. The rubber pins massage the circulatory system, encouraging both blood and lymphatic flow.

1090 Reflexology Rubber Tip Foot Massager \$16.80

Developed from a Japanese principle, this foot massager is designed to help relieve tired feet. For a penetrating massage simply rub your feet across the triple rows of rubber tipped wheels to stimulate circulation in the ball and arch of the foot.

1093 Relaxology Rubber Cushion Massager \$10.25

Developed from a Japanese principle, this body massager is designed to help relieve pain caused by muscle fatigue. Rubbing the massager over the affected areas will help to increase circulation and reduce tension.
