Professional Seminars

Aroma Treatments

You can have significant input into this evening workshop as it provides a great opportunity for you to bring in your own questions on any ailments that can be discussed during the evening with Ron Guba. Ron will:

- ◆ Cover the pathology of some important common ailments,
- ◆ Discuss essential oils that can be used to treat them and why
- ◆ Show you how to prepare prescriptions

So bring along an 'ailment of choice'. Come along with those tricky problems and let Ron consider a remedy!

Who should attend this seminar

- ◆ Aromatherapists and all therapists interested in the healing power of essential oils

Training method: Demonstration, discussion and training notes

Date: Friday 26th June, 2009 Time: 7.00pm to 9.30pm Cost: \$88.00 or \$70.00 early bird

The Art and Science of Blending – creating the definitive essential oil blend

Ron Guba of the Centre of Aromatic Medicine has been using and preparing essential oil blends for over 20 years.

Join him and benefit from his expertise at this workshop and discover

- ◆ Why creating a therapeutic aromatic synergy is the most important part of blending
- ◆ Why a blend of oils might be suitable for one client, but totally inappropriate for another
- ◆ How an understanding of the chemical constituents of essential oils can be beneficial in creating a blend to treat such problems as a respiratory tract infection or to heal a wound.
- ◆ The energetics of blending
- ◆ How to blend according to personality type – are you Phlegmatic, Choleric, Melancholic or Sanguine?
- ◆ How to make a harmonious blend of essential oils using the basic principles of perfumery

Who will benefit from this workshop:

- ◆ Aromatherapists and all therapists interested in the healing power of essential oils

Training method: demonstration, practical hands on and training notes

Date: Saturday 27th June, 2009 Time: 9.30am to 5.00pm Cost: \$130.00 or \$110.00 early bird

Is Chemistry always bad?

Ron Guba of the Centre of Aromatic Medicine has been creating his own range of aromatherapy base products and natural skin care preparations for more than 20 years.

Let Ron tell you

- ◆ How he came to choose the ingredients for his very effective formulae.
- ◆ About the real and supposed dangers of some of the "suspect" ingredients found in skin care products
- ◆ Whether we can really say that skin care products can be truly organic
- ◆ About the safest and most useful preservatives in skin care and how some preservatives are fraudulently marketed as "all natural"

Who will benefit from this seminar:

- ◆ Anyone who makes, sells or uses skin care!

Training method: demonstration and training notes

Date: Sunday 28th June 2009 Time: 9.30 – 12.30 Cost: \$77.00 or \$60.00 early bird

Aromatic Medicine Seminars

The Geraniums, Rosemary, CO2 extracts and more.....

Ron Guba of Essential Therapeutics has been sourcing therapeutic quality essential oils for more than 20 years. Essential Therapeutics' guarantee all of their essential oils and aromatic extracts. With certain plants species we can see genetic variations, with each of them having their own specific properties. Biochemical constituents also differ in, for example, Ginger distilled and Ginger CO2 extracts

How to choose when to use:

- ◆ Geranium from Egypt, China or Reunion
- ◆ Rosemary CTI Camphor, CTII Cineole or CTIII Verbenone
- ◆ Ginger distilled or the Co2 extract
- ◆ Frankincense distilled or the Co2 extract
- ◆ Ylang Ylang complete or Ylang Ylang super extra
- ◆ Sweet Basil or Basil Tropical
- ◆ Eucalyptus Australiana, or Blue Gum, Blue Mallee, Smithii, Lemon Eucalpytus, Eucalyptus Peppermint, Staigeriana. So many to choose from!
- ◆ Lavender, True or Lavender Super Hybrid, Alpine, Spike Lavender

Training method: Demonstration and training notes

Who should attend this seminar

- ◆ All therapists interested in the healing power of essential oils.

Date: Sunday 28th June 2009 Time: 1.30 – 5.00pm Cost: \$88.00 or \$70.00 early bird
